ABOUT

Frontend Developer | React.js, Next.js, Shopify, React Native

Passionate and motivated person that focus on delivering scalable, responsive and user-friendly applications by utilizing modern techniques and best practices. Dedicated to constantly learning and face complex challenges to enhance my skills for both personal as well as professional growth.

WORK EXPERIENCE

PERSONAL PROJECT

FILÀTO

<https://www.filato.co/>

- Built an e-commerce fashion platform on Shopify, combining **ready-to-wear** collections with custom **tailoring services**.
- Developed and maintained a **responsive, high-performance** storefront optimized for conversion and user experience.
- Integrated a **tailoring** module enabling users to either select from standard size options or submit their own custom measurements for a personalized shopping experience.

FREELANCE PROJECTS

01/2024 - Present

MLPB Armory

<https://dev.mlpbarmory.com/>

- Contributed to a **blockchain-based** platform built with **Next.js**, focusing on seamless user interaction and performance.
- Developed a custom **minting portal** integrated with blockchain functionality, enabling users to securely mint NFTs.
- Designed and implemented responsive **email templates** for transactional and marketing communications.
- Resolved multiple **UI/UX bugs** and **improved responsiveness** across devices, ensuring a consistent user experience on desktop and mobile.
- Collaborated** with developers and project stakeholders to deliver efficient, scalable solutions under **tight deadlines**.

Habit Coin

- A digital currency website.
- Developed a **responsive** and **user-friendly** website to showcase the Habit Coin ecosystem.
- Ensured **seamless functionality** and design consistency across all devices, delivering a smooth experience on both desktop and mobile.
- Focused on **clean UI**, performance optimization and adaptability.

WORK EXPERIENCE

FREELANCE PROJECTS

01/2024 - Present

Finarch

<https://finarch.co/>

- Developed a modern, high-performance architecture website using **React.js** with a convenient form.
- Utilized **Material UI (MUI)** to create a fully responsive, accessible and flexible user interface aligned with the client's design vision.
- Integrated **RESTful APIs** to dynamically render architectural content, images and project details.
- Ensured **cross-browser compatibility** and **optimized performance** across devices for a seamless user experience.

Ghoomo Phiroo Pakistan

- Developed a **feature-rich admin panel** for a travel agency using **React.js**, enabling efficient management of bookings, destinations, and user data.
- Integrated **RESTful APIs** to facilitate real-time data handling, including trip details, customer interactions, and backend communication.
- Focused on creating a clean, **intuitive UI** to improve administrative workflow and operational efficiency.

AltCode Labs

10/2022 - 12/2023

AltCode Labs

<https://www.altcodelabs.com/>

- Developed the company's official website using **Next.js**, focusing on performance, **SEO**, and scalability.
- Utilized **Material UI (MUI)** to design a responsive and flexible layout tailored to the brand's identity.
- Implemented **3D animations** and interactive visuals using **Framer Motion** and **Sketchfab**, enhancing user engagement and visual appeal.
- Ensured **cross-device compatibility** and optimized load times for a seamless browsing experience.

Fity Health

<https://fityhealth.com/>

- A mental health care web platform built with **React.js**, focused on connecting users with certified wellness professionals.
- Integrated all backend APIs to enable **real-time booking**, user authentication, and therapist management features.
- Resolved numerous **UI/UX issues** and optimized component behavior using the **Grommet UI** library.
- Contributed to building a responsive, **accessible interface** tailored to both patients and practitioners.
